SKILLS

Technical Skills: Node.js, Tailwind CSS, Responsive Web Design, RESTful APIs, MongoDB, Express.js, Git, Redux, React, JavaScript, CSS3, HTML5

Soft Skills: Adaptability, Attention to Detail, Time Management, Teamwork, Effective Communication

EXPERIENCE

Your-Hive | *Full Stack Web Development*

Jul 2024 - Present

- Designed a responsive React front-end with complex UI, built RESTful APIs using Node.js and Express, integrated Auth0/JWT authentication, and used PostgreSQL. Deployed for scalable, secure performance.

PROJECTS

Book Library Management System | *React, Git, CSS3, Responsive Web Design, swiper.js, express.js, mongoDB, Tailwind CSS*

-  Deployed Link : <https://book-library-management-front-end.onrender.com/>
-  Github Repo : https://github.com/MukeshKumarCoder/Book_Library_Management_App
- Developed a full-stack library management system inspired by Goodreads using the MERN stack. Implemented secure user authentication with JWT, bcrypt, and HTTP-only cookies. Enabled users to browse books, track reading status (Want to Read, Reading, Read), and rate books. Built protected routes for personalized data handling and deployed the frontend on Vercel and backend on Render with secure CORS and cookie-based authentication.

E-Commerce | *React, CSS3, Responsive Web Design, react-router-dom*

-  Deployed Link : <https://my-e-commerce-frontend.onrender.com/>
-  Github Repo : https://github.com/MukeshKumarCoder/My_E-commerce
- Developed a responsive e-commerce web app using React.js, Redux Toolkit, and React Router DOM for smooth navigation and state management. Implemented dynamic cart functionality with add, remove, and clear features, along with a dummy payment flow and login-required validation. Integrated user authentication using Redux and localStorage to manage login, logout, and protected routes.
