# Mukesh Kumar

## Full Stack Web Developer

### PROFESSIONAL SUMMARY

Dynamic full-stack web developer with expertise in the MERN stack and prowess in JavaScript, React, and Express.js. Possesses attention to detail and excellent time management skills. Capable of leveraging Generative AI for innovative solutions while adept at swiftly learning new technologies to enhance development workflows.

### WORK EXPERIENCE

**Your-Hive**
Full Stack Web Development
July 2024 - October 2024
**Job responsibilities:**

- Designed a responsive front-end with React, integrating complex UI components.
- Built RESTful APIs in Node.js and Express for data flow and authentication.
- Set up a secure PostgreSQL database with optimized schema design. Integrated Auth0 and JWT authentication for secure user access. Deployed in production, ensuring scalability, performance, and security.

**ChampHunt**
Front-End Developer
December 2023 - March 2024
**Job responsibilities:**

- Created and updated UI features using React.js and CSS, contributing to the frontend component implementation required for the job.

### PROJECTS

**1. Fit Club** | ⊕ | ⓖ
**React | CSS3 | Responsive Web Design | react-router-dom**

- Created a gym website with React.js and CSS, ensuring responsiveness.
- Added engaging animations to enhance user experience.
- Utilized modern tech with React.js and CSS3.

**2. Donto-Dentist-app** | ⊕ | ⓖ
**React | CSS3 | Git | Responsive Web Design | react-router-dom**

- Built a dentist website with React.js and CSS for a seamless interface.
- Integrated React Router for smooth navigation.
- Designed user-friendly access to services and appointments.
